## ELCA Good Gifts

An animal can make a world of difference for a family in need. Some animals provide food to eat, fertilizer to grow crops, wool to make clothes and offspring to sell at the market. With one gift, you can help a family escape the cycle of hunger and poverty for good.

### How it works

We believe that people know their own communities best. We start by listening to our global companion churches and partners that first identify the local needs and related solutions that help make a difference. Then, we partner with people to make those dreams a reality in their own communities. The items in this ELCA Good Gifts coloring book are examples of work being done in projects and programs supported by funds from ELCA World Hunger.
