

### Module 3: Happy New Year! – It's A New Year Celebration!

Happy New Year! is designed to be a celebration of a new church year! It sets a creative culinary context for stirring our hearts and minds to more fully appreciate God's presence and activity throughout the year. It invites us to think of the life and ministry of Jesus as we walk through a calendar year. The following outline provides a variety of entry points for accessing the various components of this program. It includes detailed overviews, activity descriptions and resource support for planning and coordinating the "Please Be Seated" Gathering Activities, 'Whatza Cookin'" Learning Centers and the "Stir Up A Celebration."

Click on the following titles to access individual files for each overview, activity description, pattern or participant sheet. (Click here to get a copy of the Happy New Year PDF page from the CE Program planner. You might also wish to use the outline below as a planning guide or check list.)

#### "Please Wait to Be Seated" Gathering Activities – [Overview](#)
