

# SOUTH SUDAN RESPONSE

MARCH 2017  
ELCA.org/SouthSudanNow

Millions of people in South Sudan have been impacted by the ravages of civil war and famine. This situation has led to the food insecurity of more than 7 million people.

The church is working together with others for immediate famine relief. The church's long-term commitment to South Sudan is in sustainable food security, livelihoods, health and sustained ministry.

Your support through Lutheran Disaster Response, ELCA World Hunger and ELCA Global Church Sponsorship will help bring God's hope and healing to all those affected.

In this time of increased crisis, we are blessed by both relationship and presence. **If you have been waiting to give, now is the time. Your gifts will make a critical difference.**

If you want your support to be directed to on-the-ground relief in South Sudan

and with those who have been affected by famine or forced to flee, please give for "South Sudan Relief."

If you hope to help build up resilience in communities in South Sudan to increase food security, promote livelihoods and reduce vulnerability to famine, support "South Sudan Food Security and Health."

To continue the construction of the new church center and medical clinic, and support leadership, give to "A New Church for A New Nation."
